

RADIATION SAFETY TRAINING SESSIONS

Radiation Safety Training sessions have been scheduled for Tuesday, August 30th and Thursday, September 1st, 2005. The session runs from 9:15 am - 4:00 pm and will take place in the Biochemistry teaching lab on the 8th floor of the Tupper building.

It is a CNSC and a Dalhousie University policy that all those who will be handling radioactive materials must participate in the first available training session available to them after joining their respective research groups.

Because of increasing costs we will now charge a \$10.00 fee to university personnel and a \$25.00 fee to non-university participants. These fees are used to offset the printing costs of the training manual. Manuals can be paid for through journal entry transfer if you wish. Otherwise manuals can be obtained at the Radiation Safety Office, 1391 Seymour Street.

Please complete the attached form and return to the Radiation Safety Office no later than Monday, August 22nd, 2005

Please register me for the following session:

Tuesday, August 30th, 2005 _____

Thursday, September 1st, 2005 _____

Name:(please print) _____ Phone: _____

Department: _____ e-mail: _____
