

## SEASONAL FIRE SAFETY

As you begin to make holiday preparations, the Safety Office would like to ask you to consider the following rules:

1. Keep flammable decorations away from lights or other sources of heat.
2. Appoint someone who will be responsible for fire safety.
3. If you choose a natural Christmas tree, make sure it is kept moist. Avoid the use of electric lights on natural trees or wreaths.
4. Locate your holiday decorations so they do not obstruct entrances or halls.
5. Remember that candles and other open flames are not permitted in University buildings.

For some tips on seasonal safety for your home,
